Epidemic prevention cases enforce at the same time in Taiwan, the Chiayi branch stuffs strike out!

The virus is breaking out, Administrative Enforcement Agency, Ministry of Justice to make sure prevent the epidemic won't go worse, It instruct all the branches against the epidemic cases at Jan 28th.

The Chiayi branch enforced fifteen cases in addition to informing the obligors and also send officers to every place that maybe the obligors stay to seize their property.

After the Chiayi branch takes all the cases, they inspect all the property immediately.

Some obligors of these cases have passed apply for installment to pay seven thousand to ten thousand every month;

The Chiayi branch seized ground of two obligors and a 2400cc Benz car, and also outbound restrictions seven obligors who have no property.

Today, a man whose first name is Huang from Yunlin, Dounan came to the Chiayi branch to explain about violating epidemic.

He is sorry about violate epidemic prevention, but now he has no property, so he came to apply for an installment; another man whose first name is Lai from Douliu came for installment too.

To prevent epidemics keep breaking out is the most important thing in our country now. we will strike all of these cases powerfully.
